<p>Donmac Limited Plot No. 27 Nchenja Road, Off Paseli Road Northmead, P. O. Box 310196 Lusaka</p> <p>Kabayo Muhau - Director Contact No.: +260 966 810170 Email: kabayo@DonmacLtd.Com</p>	<p>Electric Vehicles (EVs) - Electric Vehicles (EVs) Conversion Kits, & Supported Infrastructure Development & Deployment.</p>	<p>Waive/ Reduce Customs & VAT Tax Rates to 0% (Zero percentage) on Electric Vehicles (EVs), Electric Motor Bikes/Tri-Cycles and all Supported & Accessories, EV Conversion Kits such as EVs Gear Boxes, EVs Shafts, EVs Motors & EVs Charging Stations (AC/DC) until such a time as a country we have managed to set up manufacturing hubs for the above mentioned.</p>	<p>This will lead to;</p> <ol style="list-style-type: none"> 1. Quick adoption and acceptance of EVs in the country. 2. Job creation through Manufacturing Hubs/factories that will be set up to manufacture these accessories in the value chain. 3. Job creation through workshops that will be set up to convert current Internal Combustion Engine (ICEs) to Electric Vehicles (EVs). 4. Reduce on the stress on the huge Fuel bill & importation following the acceptance and use of Evs. 5. Accelerate the achieving of the United Nations Sustainable Development Goals (SDGs) numbers 7, 8, 9, 11, 12 & 13. 6. The cost of running & maintaining an EV is way cheaper than an ICE vehicle hence more disposable income will be available to persons/families that adopt EVs. 7. Excess power generated from the Solar EV Charging Stations can be fed back on to the system and sold to Zesco through their Feed-In-Tariff initiative.
