WHY LIZARD?

Back in 1992 I was just a young man with a strong passion for the outdoors.

It was this urge to be outside and my need for freedom that led me to design the first pair of Power Grip sandals. I had found the perfect gear to explore the world moving freely yet extremely surefooted.

Since then the brand has evolved but it's stayed true to its roots and has kept inspiring free spirited outdoor lovers all over the planet.

THE LIZARD STORY

Founded by Luca Pedrotti in 1992, the history of our company is characterised by a great capability for renewing itself and creating products different from any other existing on the market. That's the heritage of our Pedrotti family, who have passed on the passion for footwear for almost a century.

Produced in the Dolomite Mountains of Northern Italy, we at LIZARD care about every detail of our products and we are constantly researching the most rugged, tenacious and innovative new materials and technologies. Lightweight design, unbeatable grip, maximum comfort, and, most importantly, a natural walking feeling are our guiding principles for creating footwear for the outdoors, travelling, or every day in the city.

The responsible choice for the environment, and our feet, LIZARD footwear offers unbeatable durability that can journey for miles and miles on the road and trail. LIZARD is the best choice for adventurous consumers looking to distinguish themselves with a unique product.

SHOES

Designed and manufactured near the lakes of the Trentino region in Italy, our marine footwear is developed with a focus on high performance and comfort. LIZARD has worked with internationally ranked sailing teams to develop our Marine products and to test them under extreme conditions. The result is a range of marine footwear which excels in fit, comfort, and performance in wet and dry conditions.

SPIN SHOE

Code: 276949

ClimaSkin technology and an innovative design ensure that the Spin is fully waterproof, while being highly breathable. Thanks to a well thought-out, stabilizing lacing system, the boot sits like a shoe on the foot and offers excellent grip with its Vibram sole. With the Spin on your feet, you can concentrate on the essentials: wind, waves and weather.

COMPOSITION

Upper: ClimaSkin, polyurethane
 Insole: Polyethylene, polyester, silver
 Sole: A-Clima midsole, Vibram rubber outer sole

CLOSURE

Stable lacing with cord-lock

DATA

Heel: 22mm | Forefoot: 10mm | Heel to forefoot drop: 12mm
 Approx. weight: 484g (per shoe)
 Size: EU 35-48

FEATURES

Anatomical and removable mesh-lined insole
 3D Air mesh lining - highly breathable and abrasion resistant
 Quick Fit fastening system

0001 black

CREW SHOE

Code: 276950

The Crew is a very light, fast-drying and breathable shoe with an upper of synthetic leather and mesh. Its anatomically shaped, breathable insole is removable and lined with mesh. The sole, made of exclusive Vibram rubber, gives excellent grip even on wet ground and leaves no streaks.

COMPOSITION

Upper: Happy Cow Suede, mesh
 Insole: Polyethylene, polyester, silver
 Sole: A-Clima midsole, Vibram rubber outer sole

CLOSURE

Static lace

DATA

Heel: 22mm | Forefoot: 10mm | Heel to forefoot drop: 12mm
 Approx. weight: 251g (per shoe)
 Size: EU 37-48

FEATURES

Breathable
 Quick dry
 Abrasion resistant

0010 grey

0003 blue

REGATTA SHOE

Code: 276951

The light and highly breathable Regatta combines the look of a casual shoe with the capabilities of a technical sailing shoe. Thanks to the integrated drainage system, water quickly drains away to the outside, while the synthetic leather and mesh upper dries in no time. The insole is breathable and removable, while the sole, made of exclusive Vibram rubber, gives excellent grip even on wet surfaces and leaves no streaks.

COMPOSITION

Upper: Happy Cow Suede, mesh
 Insole: Polyethylene, polyester, silver
 Sole: A-Clima midsole, Vibram rubber outer sole

CLOSURE

Static lace

DATA

Heel: 22mm | Forefoot: 10mm | Heel to forefoot drop: 12mm
 Approx. weight: 236g (per shoe)
 Size: EU 37-48

FEATURES

Breathable
 Abrasion resistant

SUNRISE II SHOE

Code: 276952 Code: 281311

A light and airy shoe for boating and water sports, which at first sight does not show its technical capabilities. The mesh upper provides optimal ventilation, while the drainage system allows water to drain away quickly. The LIZARD Grip rubber sole provides a firm grip on both wet and dry surfaces, leaving no streaks.

COMPOSITION

Upper: Mesh, TPU reinforcements
 Insole: Polyethylene, polyester, silver
 Sole: EVA midsole, LIZARD Grip rubber outsole

CLOSURE

Static lace with cord-lock

DATA

Heel: 22mm | Forefoot: 10mm | Heel to forefoot drop: 12mm
 Approx. weight: 223g (per shoe)
 Size: EU 37-48

FEATURES

Anatomical, removable and antibacterial insole
 Mesh lining
 Highly breathable upper and soft fit
 Excellent water drainage

SHIELD OVER-SOCK

HI Code: 276937
MID Code: 276936

The Shield over-socks are so thin that they can be worn over normal socks, even in tight shoes. They are fully waterproof, but still breathable and warming. When your feet need protection from water and cold, Shield socks with their ClimaSkin membrane are your solution. The Mid version is medium-long and reaches the calf, while the Hi version reaches the knee.

COMPOSITION
Polyethylene, polyester

DATA
Size: XS, S, M, L, XL, XXL

FEATURES
Waterproof and breathable
ClimaSkin membrane

A-CLIMA SOLE

Featured on: Spin, Crew, Regatta
The latest EVA technology offers excellent water drainage, ventilation and cushioning with minimum weight ensuring the best comfort.
Sizes: 35-48. Drop: 12 mm.

AQUA DRAIN AND VENTILATION SYSTEM

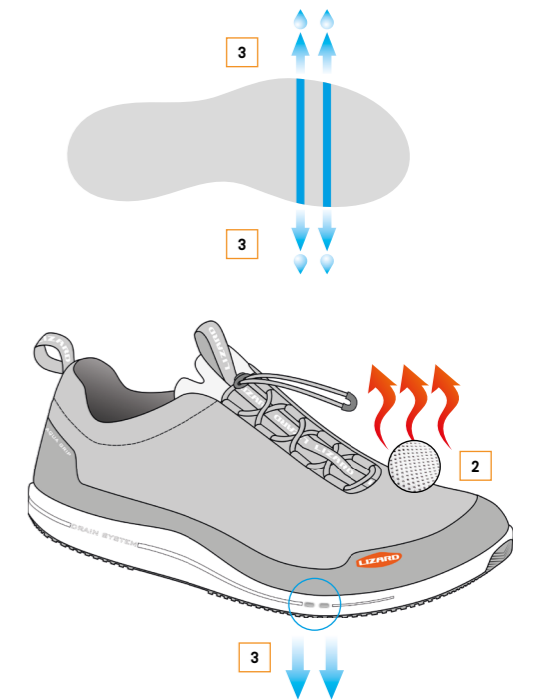

- 1 - Brake System
- 2 - Non-Marking special Vibram® design, in rubber with excellent grip for boating
- 3 - Rubber insert to improve grip and torsion control
- 4 - Steam out
- 5 - Water out

SUNRISE II SOLE

Featured on: Sunrise II
Breathability, lightweight and high-performing.
Sizes: 37-48. Drop: 12 mm.

AQUA DRAIN AND VENTILATION SYSTEM

- 1 - Non-Marking special design, in rubber with excellent grip for boating
- 2 - Steam out
- 3 - Water out

FEATURES

and Components

VEGAN

Footwear made without products of animal origin. For vegetarians, vegans and everyone who wants to avoid animal suffering.

WELL MADE IN ITALY

We are proud to produce our footwear in Italy. Producing in Italy with Italian components means reducing our environmental impact and maintaining true Italian craftsmanship, which is universally recognized for its quality, comfort, style and unique design.

EASY RELEASE SYSTEM

Pull the green lace to release the lacing and push the cord lock towards the ground to fasten the boot.

QUICK FIT

Quick fastening system with a lace that wraps the foot, guaranteeing a firm and comfortable fit.

NATURAL POSITION

A form that accommodates the foot's natural shape.

VIBRAM

In 1937, Mr. Vitale Bramani (Vi-Bram) invented the first rubber soles in the world. Today these soles are synonymous with quality, resistance, performance and durability. The unique compounds used for LIZARD footwear are specifically chosen to fit the shoe model for which they are designed.

LIZARD GRIP

Rubber soles. High-quality compounds are specifically developed by LIZARD to correspond to the features of each style. "Power Grip" is guaranteed.

HAPPY COW

Man-made leather with the same mechanical, technical and comfortable features of leather. The cows will thank us.

GENUINE LEATHER

The leather used for LIZARD shoes is carefully selected to ensure performance and durability. Its waterproof treatment limits the absorption of water and dirt.

3D AIR

Tridimensional mesh, highly breathable and resistant to abrasion.

CLIMASKIN

Innovative technology that ensures the perfect microclimate inside the footwear. Waterproof and breathable.

ADS (AQUA DRAIN SYSTEM)

Water drainage system.
