Mission statement

Your mission – should you choose to accept it – is to learn the power of nature, the mechanism of healing and implement these tools into your everyday existence. Release the blockages formed by thoughts, food and illnesses and help heal organs suffering from dis-ease or became vulnerable by the pressure placed on them and regain the healing power, the privilege of every human being.

Use the 4 elements coded meditations, especially created to fit this specific purpose within 4 weeks or less.
