To whom it may concern:

Please accept this letter as testimonial of our experience with XSENS AS in regard to purchase order execution for the delivery of Ultrasonic Clamp-on Flowmeters to Aker Solutions AS and its client.

XSENS AS delivered all Ultrasonic Clamp-on Flowmeters within the delivery schedule and project site need date. Throughout the execution of the contract XSENS offered good collaboration and engagement which resulted in the success of the delivery.

XSENS AS adhered to project requirements set forth in the contract and kept a consistent project team that were quick in responding when called upon.

As the Clamp-on Flowmeters have not yet been installed, we are not able to comment on equipment performance at this stage.

Yours sincerely
for and on behalf of Aker Solutions Ltd
